## Satterwhite Log Homes

### Description

Like a good neighbor, Dan and Donna Combs' home is right up the river from Whistlestop on the Toccoa. Situated just off the riverbank, it is a special place for the kids and the grandkids to make lifelong memories. This 5,200 square foot, 5 bedroom, 5 ½ bath with loft is spacious in every way. It invites you to enjoy beautiful river views from both inside and outside. With 3 fireplaces, there's always a perfect place to warm up on a chilly day after wading the "Gold Medal" Toccoa River fishing for trout. Take in the ancient Indian fish trap in the river out front, or spend a while studying the ancient Juniper transformed into stair posts and railing. This Satterwhite Log Home features spruce logs and trim, lots of Aspen T&G, pine flooring, Western Red Cedar, and Blue Ponderosa Pine. Rough sawn, planed, hewn, and draw-knifed woods blend perfectly in a home that serves the outdoorsman and gourmet cook equally well. State Farm agent Dan Combs, his wife Donna, and all of the Combs family are wonderful people sharing their one of a kind masterpiece!
